# Sweet moments last longer with the EXCELLENTE line

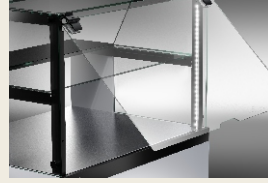

Cafe is not only coffee and sweets. Also, what counts is perfectly designed interior that attracts customers and supports daily work. With such place in mind, we have created the latest appliances that you can find in Excellente line.

Products are at your fingertips due to **extra space on the top of the device and a tilting windshield with actuator system.**

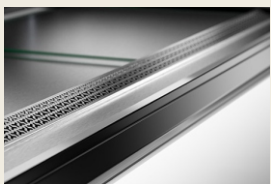

You will design perfect confectionery product's display due to vertical and top **LED lighting.**

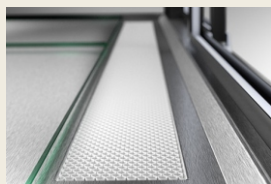

You can easily clean the display due to **lifted front glass** which gives you access to every nook.

We have equipped the cash counter with the **worktop** where you can easily fit a cash register, payment terminal and products purchased by the customer.

You will keep freshness of the products as we have used the **dynamic cooling system and air curtains.** This system protects the sweets every time the windshield is open.

In EXCELLENTE we have used the **ecological R-290 refrigerant** with whom you will take care for the environment.

We have made all of the panes, table top and shelves of **tempered glass.** It provides extra safety for you and your customers.

Due to the **adjustable legs** you will level the device easily.

## Plan without limits

You can freely arrange the space, because **refrigerated display cases can be set in lines and combined with other devices from the EXCELLENTE line** to gain additional space for display or work.

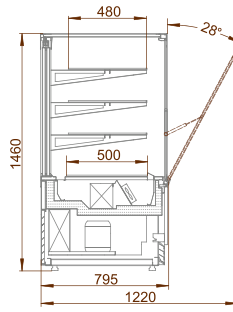

# Line C

## Refrigerated confectionery display case
