

Temperature range: **+4°C/+8°C**

Refrigerating unit: **Internal**

Refrigerant/Cooling factor: **R134a**

| Specifications                        | JOLA 4/DRE RETRO |
|---------------------------------------|------------------|
| CODE                                  | JO100DRE/RETRO   |
| Length [mm]                           | 875              |
| Capacity [dm <sup>3</sup> ]           | 600              |
| The area of shelves [m <sup>2</sup> ] | 1,3              |
| Depth [mm]                            | 870              |
| Height [mm]                           | 1970 +/-10       |
| Unit weight [kg]                      | 205              |
| Maximum load [kg/m]                   | 10               |
| Refrigerant/Cooling factor            | R134a            |
| Evaporating temperature [°C]          | -10              |
| Rated voltage [V]                     | 230/50Hz         |
| Rated power of lighting [W]           | 34               |
| Rated power [W]                       | 662              |
| Cooling power [W]                     | 896              |
| Electricity consumption [kWh/24h]     | 7,9              |

## Standard equipment

internal cooling aggregate

dynamic cooling (ventilated)

external housing made of coated steel - different colors available (Igloo pattern book)

hinged doors with combined glass - choice of door opening direction

internal housing made of stainless steel

5 glass shelves, with height adjustment

internal top and side illumination - LED lights

automatic defrost

automatic condenser vaporization

electronic temperature controller with digital display (IGLOO)

condenser impurity or fan operation failure alarm

## Options

external housing made of stainless steel

rotating glass shelves system

set of wheels (castors)

additional glass shelf + handle set

electronic temperature recorder + software

temperature recorder wire
